BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 13-4-11 NMSA 1978 (being Laws 1965, Chapter 35, Section 1, as amended) is amended to read:

"13-4-11. MINIMUM WAGES ON PUBLIC WORKS--WEEKLY PAYMENT--POSTING WAGE SCALE--WITHHOLDING FUNDS.--

A. Every contract or project in excess of sixty thousand dollars (\$60,000) that the state or any political subdivision thereof is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads of the state and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages to be paid to various classes of laborers and mechanics, which shall be based upon the wages that will be determined by the director of the labor and industrial division of the labor department to be prevailing for the corresponding classes of

1 laborers and mechanics employed on contract work of a similar
2 nature in the state or locality, and every contract or
3 project shall contain a stipulation that the contractor,
4 subcontractor, employer or a person acting as a contractor
5 shall pay all mechanics and laborers employed on the site of
6 the project, unconditionally and not less often than once a
7 week and without subsequent unlawful deduction or rebate on
8 any account, the full amounts accrued at time of payment
9 computed at wage rates not less than those stated in the
10 minimum wage rates issued for the project.

11 B. For the purpose of making wage determinations,
12 the director of the labor and industrial division of the
13 labor department shall conduct a continuing program for the
14 obtaining and compiling of wage-rate information and shall
15 encourage the voluntary submission of wage-rate data by
16 contractors, contractors' associations, labor organizations,
17 interested persons and public officers. Before making a
18 determination of wage rates for any project, the director
19 shall give due regard to the information thus obtained.

20 Whenever the director deems that the data at hand are
21 insufficient to make a wage determination, the director may
22 have a field survey conducted for the purpose of obtaining
23 sufficient information upon which to make determination of
24 wage rates. Any interested person shall have the right to
25 submit to the director written data, views and arguments why

1 the wage determination should be changed.

2 C. The scale of wages to be paid shall be posted
3 by the contractor or person acting as a contractor in a
4 prominent and easily accessible place at the site of the
5 work; and it is further provided that there may be withheld
6 from the contractor, subcontractor, employer or a person
7 acting as a contractor so much of accrued payments as may be
8 considered necessary by the contracting officer of the state
9 or political subdivision to pay to laborers and mechanics
10 employed on the project the difference between the rates of
11 wages required by the director of the labor and industrial
12 division of the labor department to be paid to laborers and
13 mechanics on the work and the rates of wages received by such
14 laborers and mechanics and not refunded to the contractor,
15 subcontractor, employer or a person acting as a contractor or
16 their agents.

17 D. Notwithstanding any other provision of law
18 applicable to public works contracts or agreements, the
19 director of the labor and industrial division of the labor
20 department may, with cause:

21 (1) issue investigative or hearing subpoenas
22 for the production of documents or witnesses pertaining to
23 public works prevailing wage projects; and

24 (2) attach and prohibit the release of any
25 assurance of payment required under Section 13-4-18 NMSA 1978

1 for a reasonable period of time beyond the time limits
2 specified in that section until the director satisfactorily
3 resolves any probable cause to believe a violation of the
4 Public Works Minimum Wage Act or its implementing rules has
5 taken place.

6 E. The director of the labor and industrial
7 division of the labor department shall issue rules necessary
8 to administer and accomplish the purposes of the Public Works
9 Minimum Wage Act."

10 Section 2. Section 13-4-12 NMSA 1978 (being Laws 1965,
